

# Party In My Head (Adam Rickfors Mix)

## September

Party's in my head  
Party's in my head  
Hey I don't care if the whole club is dead  
'Cause the party's in my head  
The party's in my head  
If you won't let me in  
Dancing on the street instead  
'Cause the party's in my head  
The party's in my head  
I don't care about the VIP  
'Cause every single DJ is inside me  
If you dunno where to go  
Stay close to me instead  
'Cause the party's in my head  
The party's in my head Me against the world  
The world against me  
Those who can't feel or see what I see  
The ones who stay close  
Hear what I hear  
I'll be your host the music is here I'm on a train again  
Jamming on my own again  
They think I'm insane  
There's no music playing  
Why wait on Friday lights  
Since I'm out on every night  
If no one's around I'm my own crowd I don't care if the whole club is dead  
'Cause the party's in my head  
The party's in my head  
If you won't let me in  
Dancing on the street instead  
'Cause the party's in my head  
The party's in my head  
I don't care about the VIP  
'Cause every single DJ is inside me  
If you dunno where to go  
Stay close to me instead  
'Cause the party's in my head  
The party's in my head Imagine with me  
Just like I said

Millions of us  
The sound in your head  
Feel it vibrate  
From state to state  
Moving those plates  
Be an earthquake I'm on a train again  
Jamming on my own again  
They think I'm insane  
There's no music playing  
Why wait on Friday lights  
Since I'm out on every night  
If no one's around I'm my own crowd I don't care if the whole club is dead  
'Cause the party's in my head  
The party's in my head  
If you won't let me in  
Dancing on the street instead  
'Cause the party's in my head  
The party's in my head I don't care about the VIP  
'Cause every single DJ is inside me  
If you dunno where to go  
Stay close to me instead  
'Cause the party's in my head  
The party's in my head  
I've got the whole world on my guest list  
No one that precious  
No one that precious, yeah  
Close your eyes and turn up to this  
Yeah, turn up to this  
Yeah, turn up to this yeah I'm in my world  
And my own world we getting  
With every boy  
And every single girl, yeah  
And every one  
And every one's in me  
No matter where I'm gonna be I don't care if the whole club is dead  
'Cause the party's in my head  
The party's in my head  
If you won't let me in  
Dancing on the street instead  
'Cause the party's in my head  
The party's in my head I don't care about the VIP  
'Cause every single DJ is inside me  
If you dunno where to go  
Stay close to me instead  
'Cause the party's in my head

The party's in my head I don't care if the whole club is dead  
The party's in my head  
If you won't let me in  
Dancing on the street instead  
The party's in my head I don't care about the VIP  
'Cause every single DJ is inside me  
If you dunno where to go  
Stay close to me instead  
'Cause the party's in my head  
The party's in my head  
Party's in my head  
Party's in my head
