

# Bangladesh

## George Clinton

Are we going to heaven's high?  
Maybe we came back  
Before you go  
Far away into Bangladesh  
Even now that you have reached it  
I put that stored on you  
Let's move you on this  
Your funk ain't dead with you  
Until I like the way you want me to  
I remain the prisoner in your dream  
Wake!  
So are we going to get at home?  
They say that you want to come  
Before you go  
Far away into Bangladesh  
Like a stopped watch  
I wait you yet to stay  
I'll provide  
How I gave you into my heartbeat  
Spreading love  
Spreading love  
Spreading love  
So are we going to get at home?  
They say that you want to come  
Before you go  
Far away into Bangladesh
