

Diamond Lightning (Single Version)

Minus the Bear

We all go down to Coselyn Bridge?
it's where they say all the magic is
over that dried up riverbed
blocked by boulders at both ends
we all go down to Coselyn Bridge?
where we ended and we beganInfinity overhead
and i whisper, are you listening?
liquid concrete under our feet
trippin on the constellations we see
diamond lightning
seeing where seams are sewn in
We all go down to Coselyn Bridge?
rent this seal? for the first time again
canyon walls became the audience
time becomes irrelevant
all go down to Coselyn Bridge
to be wedded to our accidentsLiquid concrete under our feet
trippin on the constellations we see
diamond lightning
seeing where the seams are sewn in
Liquid concrete under our feet
trippin on the constellations we see
diamond lightning
seeing where the seams are sewn in
diamond lightning
diamond lightning
