

She's Always There

[Lisa Stansfield](#)

(l. stansfield/i. devaney)She feels such pain when you say goodbye

Nearly goes insane

When you can't look her in the eye

And it's plain to see

That she's being used

But she's always there and she love youRest up here a little while

And I'll convince you that you need my time

Don't play games with aching hearts

Shhh not another word

Let me talk

I've been close I've been watching you

Watching every little thing you do

Don't you realize you're breaking hearts

Shhh not another wordChorus:

She feels such pain when you say goodbye

Nearly goes insane

When you can't look her in the eye

And it's plain to see

That she's being used

But she's always there and she loves you

And she cries

Na na na na na na na na na na na na na na na naHow can you go through life this way

Causing hurt causing pain

Think of your baby and not about yourself

Shhh not another word nowChorusNa na na na na na na na na na na na na na na naDon't play games with aching hearts

Shhh not another wordChorusNa na na na na na na na na na na na na na na na
