

P5hng Me A*wy

Linkin Park

When I look into your eyes
There's nothing there to see
Nothing but my own mistakes

Staring back at me Everything has to end, you'll soon find, we're outta time, left to watch it all unwind

Everything falls apart, even the people who never frown eventually break down

Everything has to end, you'll soon find, we're outta time, left to watch it all unwind

Everything falls apart, even the people who never frown eventually break down I've lied

To you

This is the last smile

That I'll fake for the sake of being with you

(Everything falls apart, even the people who never frown eventually break down)

(Everything has to end, you'll soon find, we're outta time, left to watch it all unwind)

For sake of being with you

(Everything falls apart, even the people who never frown eventually break down)

The sacrifice is never knowing Why I stayed with you

Just push away

No matter what you see

You're still so blind to me I've tried

Like you

To do everything you wanted to

This is the last time

I'll take the blame for the sake of being with you

(Everything falls apart, even the people who never frown eventually break down)

The sacrifice of hiding in a lie

(Everything has to end, you'll soon find, we're outta time, left to watch it all unwind)

The sacrifice is never knowing Why I stayed with you

Just push away

No matter what you see

You're still so blind to me Reverse phsycology's failing miserably

It's so hard to be, left all alone

Telling you is the only chance for me

there's nothing left but, to turn and face you

When I look into your eyes, there's nothing there to see

Nothing but my own mistakes staring back at me

Asking why...

The sacrifice of hiding in a lie (why)

The sacrifice is never knowing Why I stayed with you

Just push away

No matter what you see

You're still so blind to me
Why I stayed with you
Just push away
No matter what you see
You're still so blind to me
