

# Wrong Feels Right

## Dum Dum Girls

Tell me what you dream while you are fast asleep  
    Could it be of me?  
I cannot breath, this tightness just won't leave  
    My heart is gonna heave  
I wish that you could see me Dream away the realness of the day  
    Dream away the reasons I can stay I need my fix  
    Cause you fix me right now  
    When nothing else is enough  
    Nothing else is enough  
    I sing for you  
    I know you know it too  
    There's nothing else to do  
Nothing else to do Dream away the realness of the day  
Dream away the reasons I can stay It happened over night  
    It's wrong but it feels right  
    It happened over night  
It's wrong but it feels right Dream away the realness of the day  
Dream away the reasons I can stay It happened over night  
    It's wrong but it feels right  
    It happened over night  
    It's wrong but it feels right
