Wise Man

Desmond Dekker

A wise man keepeth his life
And the life of his wives and kin
A wise man keepeth his life
And the life of his wives and kinTake the tip from me, yeah
And you will see, Lord
A wise man keepeth his life
And you right nowA wise man keepeth his life
And you can think
A wise man keepeth his life
AlrightWhoa, whoa, whoa, whoa
Whoa, whoa, whoa, whoa
Whoa, whoa, whoa, whoaTake the tip from me, yeah
And you will see, Lord
A wise man keepeth his life
And you right nowA wise man keepeth his life
And you can think
A wise man keepeth his lifeTake the tip from me, yeah
And you will see, Lord
A wise man keepeth his life
Telling you againA wise man keepeth his life
I'm telling you again
A wise man keepeth his life
I'm telling you again
A wise man keepeth his life
