Home In Your Heart

The Derek Trucks Band

I travel over mountains
Down highways
Through the valleys and the bi-ways
Just to find a home in your heart
I'll bring you pretty flowers
Candy moonbeams
Fill your nights with love and sweet dreams
Just to find a home in your heart
We'll make sweet pretty music
While the birdies sing
Tie the love knot with a heart string
Just to find a home in your heart
Baby with you I travel over mountains
Down highways
Through the valleys and the bi-ways
Just to find me a home in your heart

Gotta gotta find a home
Sweet home
Help me somebody, somebody
I gotta find it, gotta got to find a home in your heart hey
Oooohhh travel over mountains
Down highways
Through the valley's and the bi-ways
Just to find a home in your heart
got ta got ta got ta
Here I go down the freeway baby
Driving down every street trying to find you baby
Ooohh gotta gotta got to find it, somebody help me
Help me one more time, find a home in your heart, got ta
Believe I'll travel over mountains babe, believe I'll travel down highway baby
Down the bi-ways, freeways, city streets for ya, down alleys baby
To find a home, sweet home, home, sweet florida home
In your heart baby, got ta, don't ya stop me now gotta travel a little farther
Oh yeah in your heart
