

Leavin' In the Morning

Barry Manilow

I tried to tell you there's trouble on the way
I lost the feeling that I once had
But when I held you there was nothing I could say
I couldn't bare to see you hurt so bad So I'll be leaving in the morning
Wishing that I could stay
And though I'll miss you every morning
It's the only way
So I'll be leaving in the morning
But how can I tell you why
I never gave you any warning
And now I don't know how to say goodbye I tried to tell you there was something that I miss
Something I couldn't dare to find with you
But I was blinded by your love every time we kissed
Afraid I never find a love so true So I'll be leaving in the morning
But how can I tell you why
I never gave you any warning
And now I don't know how to say goodbye I waited too long but now I see
It's no good for you, it's no good for me
You can't see it now
But one day you'll know I just had to go
Oh, oh, oh, oh So I'll be leaving in the morning
Wishing that I could stay
And though I'll miss you every morning
It's the only way
So I'll be leaving in the morning
But how can I tell you why
I never gave you any warning
