

# Ooh Child

Valerie Carter

Ooh, brighterOoh child, things are gonna get easier

    Ooh child, things will be brighter

    Ooh child, things are gonna get easier

    Ooh child, things will be brighterSome day

    We'll put it together and we'll get it all done

        Some day

    When your head is much lighterSome day

        Walk in the rays of a beautiful sun

        Some day

When the world is much brighterOoh child, things are gonna be easier

    Ooh child, things will be brighter and brighter

    Ooh child, things are gonna be easier

    Ooh child, things will be brighterSome day

    We'll put it together and we'll get it all done

        Some day

    When your head is much lighterSome day

        We'll walk in the rays of a beautiful sun

        Some day

    When the world is much brighterSome day

    We'll put it together and we'll get it all done

        Some day

When your head is much, much lighterSome day

        We'll walk in the rays of a beautiful sun

        Some day

When the world is much brighterOh, oh, some day

        We'll walk in the rays of a beautiful sun

        Some day

    When your head is much lighterSome day

    We'll put it together and we'll get it all done

        Some day

When your head is much lighterOoh child, ooh child

    Ooh child, things are gonna be brighter

        Oh, right now, lets get it together

Get it together and we'll get it all doneRight now, right now

    One day we'll get together if we wanna get together

        Ooh child, ooh child, ooh child

        Get it together and we'll get it all done

        Right now, right now

One day we'll get together if we wanna get togetherOoh child, ooh child

Right now, right now  
One day we'll get together if we wanna get together  
Right now, right now  
Right now, lets get it together
