She's Got That Light (Orange-Mix)

Orange Blue

Sometimes when she looks up
it seems as If shes by herself.
Devil whispers in my ear,
I tried in vain to reach her world.There are many silent words,
raising heads while the tide still sounds.
And there are many weeping eyes
hand in hand while the wind still pounds.
But the cycle never ends,
the curtain falls burying my tears.
Though the carpet of gold
seemed to be quite near.Shes got that light around her eyes.
A gleaming star surrounds her mind.
Shes got that smile imbued wih soul.
I need her hand, cause shes my home.Shes got that light around her eyes.
A gleaming star surrounds her mind.
Shes got that smile imbued with soul.
I need your hand, cause your my home.Wish you could hear the sound
of my trembling faceless thoughts.
Wish I could stop the fading of my dream
with honest words.
The youth of your voice
feels like the touch of fallin' snow.
Sitting in the dark,
hoping that future will grow.Shegot that light...I know for sure Ill listen to your song.
I wouldnt leave you in times of glacial storm.
Tell me where are you coming from ?
Youre my own true love
in a foreign
home.
Shes got that light
