Amber waves of race
Constitutes equality
Dont dub us left or rightTora, tora, tora
Tora, tora, tora
Tora, tora, tora
Tora, tora, toraFreedoms just another verb
That theyve put on a roof
Analyze everything I say
And take it wrong to bootSmash fashion, fascism
Smash fashion, fascismContradiction figure it out

Maybe you're just coming through
So give me all you wantTora, tora, toraLife and crimes
And crimes of life
Much to personal
