

# Meaner Than A Junkyard Dog

Casey Jones

So you're fed up with your life?  
Time to grab the knife,  
no more problems, no more fears.  
Not even your mother's tears? Grow guts, step up.  
No one likes you anyway.  
Grow up, step up.  
Time to change today. Now there's two things you can do.  
Number 1: Grow up, be a man and quit fucking crying.  
Number 2: Just do yourself in. Quit fucking faking  
and stop wasting my fucking precious time.  
You're a selfish piece of shit and a weak link in all of humanity. Someone's gone through the same shit before.  
Quit wasting all my time.  
Someone's gone through worse shit before,  
quit bitching about your life.
