

Yadd Away Home

Bushman

oh lord

one nation can be doing the work while another gainning the glory
and how long will builders and architects of africa build for another
i know the west will crumble one day (i know)
so jah say so i an i nuh stay (i know)
iyah yaad away home to the mother land that's where i belong yes!

down in the west its no place to stay
its just bills bills bills everyday
and no matter how the people pray micheal angelo won't come there way
