

# V.I.C.E.

## Razorlight

Wild is the wind that strips away our sins  
Yours is the night, but you don't know where to begin  
But I heard you say  
You've got a feeling that it's just around the bend  
I heard you say  
Sometimes you fall into the arms of no-one at all  
I mean to say that that's alright  
I did what I could! [Chorus]  
Oh, sometimes I run  
Yeah, sometimes I fall  
L O V E, I'll see you later  
L O V E, I'll see you later  
Yours is the fire that gets in my head  
Mine is desire, so let it burn down your bed  
Cause I heard about those stories, yeah  
I guess everyone has  
I heard them say sometimes you fall  
Just on your own with no-one at all  
I mean to say that that's alright  
I did what I could! [Chorus: x2]
