

# I Can't Keep Up (feat. Will Heard)

## Tourist

I'm trying hard to reach you out for a rainbow  
I made a star but didn't have any love shown  
I'm trying hard I work my skin to the bone  
It's juts a start  
Won't let the pain ever show  
Although I can't keep up I can't keep up,  
I can't keep up,  
Will someone ever show me love, won't somebody give a fuck?  
Because I can't keep up, I can't keep up,  
I can't keep up,  
Will someone ever show me love, won't somebody give a fuck?  
Because I can't keep up, I'm trying hard to work away through the system  
I made a star but found that no one was listening  
Driving on to the break of dawn I refuse to fall  
Driving on to the break of dawn I refuse to fall  
'Cause I can't keep up,  
I can't keep up,  
I can't keep up,  
Will someone ever show me love, won't somebody give a fuck? Because I can't keep up,  
I can't keep up,  
I can't keep up, Will someone ever show me love, won't somebody give a fuck?  
Will someone ever show me love?  
Will someone ever show me love?  
Will someone ever show me love?  
Will someone ever show me love?  
Will someone ever show me love?  
Will someone ever show me love?  
Will someone ever show me love?  
Will someone ever show me love?  
Show me love, show me love, show me love, show me love  
Show me love, show me love, show me love, show me love  
Show me love, show me love, show me love, show me love Can you show me love  
Because I can't keep up  
I can't keep up  
I can't keep up Will someone ever show me love, won't somebody give a fuck?  
Because I can't keep up
