oh i've been hurt but i still love you, i've been hurt like this before
yeah, your loves teaching me a new thingtry to realize, and call me when your ready, yeah whenever your readyi know you left, but i still love you, and though i've cried like this before
your loves teaching me a new thing, and try to realize
then call me whenever your readybut if you call me, you gotta treat me better in a different way and if you call me, you gotta listen girl to what i tell youand never hurt me cuz i love you, never hurt me like before yeah
your loves teaching me a new thing, try to realize, and call me when
your ready, whenever your ready(music)your loves teaching me a new thing, try to realize, and call me when your ready, whenever your readyall you gotta do is call me call me call me
