

So Beautiful

Dune

I know a land
Where the flowers grow
Where the rainbows hide
And the lights are low
Come take my hand
Walk into the sun
Leave the world behind
No need to run
So beautiful... (4x)
So beautiful (so beautiful) (4x)
So beautiful (8x)

I know a land
Where the flowers grow
Where the rainbows hide
And the lights are low
Come take my hand
Walk into the sun
Leave the world behind
No need to run
So beautiful (8x)

I know a land
Where the flowers grow
Where the rainbows hide
And the lights are low
Come take my hand
Walk into the sun
Leave the world behind
No need to run

I know a land (so beautiful)
Where the flowers grow (so beautiful)
Where the rainbows hide (so beautiful)
And the lights are low (so beautiful)
Come take my hand (so beautiful)
Walk into the sun (so beautiful)
Leave the world behind (so beautiful)
No need to run (so beautiful)
So beautiful... (8x)
