Skullcrusher

Iron Claw

Look out your window, you'll see all the people running
Look to the north, you'll see a strange creature coming
Tombstone teeth, they glint like elmo's lightnin'
Cavern eyes, they're pits of coal black frightnin'Run to the shore to find yourselves shelter
Into the caves, we pray to the altar
Doom is approaching, now is the hour
Skullcrusher has us all in his powerPanic strikes as we feel the blow of pain
Anger falls as death flows through our veins
Could there be an answer, could we all be saved?
Or is this to be our final grave?
Run to the shore to find yourselves shelter
Into the caves, we pray to the altar
Doom is approaching, now is the hour
Skullcrusher has us all in his powerFrom above, a voice blows through our heads
Brings us news of skullcrusher, he is dead
Freedom has come, someone has killed our pain
Into the caves, give thanks to the altar
We have been saved, we have our answer
No more fear should ever come our way
Skullcrusher's dead, this could be our new day
