

Anything

Martina Topley-Bird

No doubt, you're gonna be thinkin'
I'll run out, that's where you're so mistaken
You take me to a high
Of just no other kind I don't want anything, but you
I don't need anything, but you
I don't want anything, but you
I don't need anything The size, just seems to get bigger
The prize is well just go figure
When I think way back when
I can't go back again I don't want anything, but you
I don't need anything, but you
I don't want anything, but you
I don't need anything My half, I thought I'd be stronger
But my path to you just seems longer
You fake me to a high
Of just no other kind I don't want anything, but you
I don't need anything, but you
I don't want anything, but you
I don't need anything Don't want anything, but you
I don't need anything, but you
I don't want anything, but you
I don't need anything
