Impossible

Tiffany Evans

She took a fall it was crucial
Counted her out before they gave her a chance
{To get up}
The underdog, same as usual
Everyones watching and the pressure, it just won't let up
Tell me, I wantcha to, I wantcha to think that I
{Drowning in myself}
But baby no
{Noo}
After what I've been through
Lesson learned, story told, I know that[Chorus 1:]
Nothing is impossible
Can't stop, won't stop, never gonna let it go
See that, now I know, nothing is impossible
Can't stop, won't stop, never gonna let it go
Takin' back my self control
Nothing is impossible[Chorus 2: x2]
Nothings Impossible
Impossible
Impossible
Nothin' is impossible[Tiffany:]
(I think) Difficulties, her position
Ooo{What she gonna do makes, blown all outa context}Simple mistake, crucifiction
Everyones watchin'
And the Pressure, just what you'd expect
Tell me, I wantcha too, I wantcha to think that I{Drowning in myself}But baby no, after what I've been through, lesson learned, story told, I know that[Chorus 1][Tiffany:]
Oooooaaaa Humans are bad I can be
{Nobody's perfect, especially me}Oooo What you get is what you see
{Not gonna let it, steal a thing from me}
From me, from me, in perfect little me{Won't stop, won't stop, never gonna let it go}
