

All I Want

Paula Deanda

Heard a crazy story, About the two of us
People talking acting like, they've known us
Heard a crazy rumor, nothing new to us
They be tearing us apart cause they're jealous
And they wanna know, will i love you so, so i tell em no one's ever loved me better
But they'll never see what you mean to me, your everything this girl needs.. cause
All i want somebody to love me is somebody to love is somebody to love me, true this
All i want is someone than can hold me, never let go of me somebody to love me, can you do this
Strength when im feeling weak
Words when i can not speak
That's what you want of me
All i want somebody to love;
warmth when im feeling cold, no other hand to hold.. it ain't a mystery,
all i want somebody to love me love me love me love me love me love meea meeah yeah
There's some milk and honey it ain't everyone
We are looking for the same thing old or young
Cupid down his target, and he hit his mark
But now i'm aiming for you, now your in my heart aaoh
And they wanna know, will i love so, so i tell em no one's ever loved me better
But they'll never see what you mean to me, your everything this girl needs.. cause
All i want somebody to love me is somebody to love is somebody to love me, true this
All i want is someone than can hold me, never let go of me somebody to love me, can you do this
Strength when im feeling weak
Words when i can not speak
That's what you want of me

All i want somebody to love;
warmth when im feeling cold, no other hand to hold.. it ain't a mystery,
all i want somebody to love me love me love me love me love me love meea meeah yeah
Uhuh, I got you baby, profit.
I need your love girl in my life
Cupid's arrow cut like a knife
I think about you every night
Wake up cold sweat baby hold tight
I know they go'n try to get us down
Rumors aint nothing to stand around
Love like this, look they have never found
I found my angel when im north bound
Down in this day you what i want girl

Sun in the moon center of ma whole world
Everything that i've prayed and i hoped for
Even if i could baby i don't want more
I can not front your all i want i hold you now i hold you down
All i want somebody to love me is somebody to love is somebody to love me, true this
All i want is someone than can hold me, never let go of me somebody to love me, can you do this
Strength when im feeling weak
Words when i can not speak
That's what you want of me
All i want somebody to love;
warmth when im feeling cold, no other hand to hold.. it ain't a mystery,
all i want somebody to love me all i want somebody to love me somebody to love me somebody to love meea
meaah yeah
all i want somebody to love me somebody to love me somebody to love meea meaah yeah
