Hold Me Down

Tommy Lee

I don't make everyone happy
But it's okay
(It's okay)
And it's okay
(It's okay)
I've been through this before
It's nothing new
(It's nothing new)
It's nothing new
(It's nothing new)
I don't know why every time I wanna fly
Somebody always tries
To hold me down, hold me down
I'm loosing my faith every single time
I try no one is on my side
Don't let me drown, let me drown
Don't worry about whatcha done now
'Cause it's okay
(It's okay)
And it's okay
(It's okay)
Yeah yeah
It's a test to see how much you can take
It's nothing new
(It's nothing new)
It's nothing new
(It's nothing new)
I don't know why every time I wanna fly
Somebody always tries
To hold me down, hold me down
I'm loosing my faith every single time
I try no one is on my side
Dont let me drown, let me drown
I am drowning, I am sinking, yeah
I am drowning, I am sinking
Why won't someone help me?
Why won't someone help me?
I don't know why every time I wanna fly
Somebody always tries

To hold me down, hold me down
I'm loosing my faith every single time
I try no one is on my side
Don't let me drown, let me drown
