Misdirected

Atrocity

neon light, exciting sight
welcome to the flesh-venal scene
xxx, -psychopaths
going for another aim
control me, dominate me
entering the pits of mistress d.
walking through the chamber-light
tonite is miss directed-nightmisdirected, misdirected please me
misdirected, misdirected teach me, nowoh my tough leather-queen
I lick your makepeace submissively
grovelling before a dungeon-chain
absurd wishes of sexual pain
show me methods of torturing
sadistic lessons all I need
you hurt me, you whip me
you give me just everythingmisdirected, misdirected please me
misdirected, misdirected teach me, now
misdirected from behind, misdirected all the night
misdirected bring me up
