Dotan

Run past the rivers, run past all the light.
Feel it crashing and burning, 'til it all collides.
Strike a match lit the fire, shining up the sky.
As it all comes down again.
As it all comes down again.
As it all comes down again, to the sound.The sound of the wind is whispering in your ear.
Can you feel it coming back?
Through the warmth, through the cold, keep running 'til we're there.
We're coming home now, we're coming home now.
The sound of the wind is whispering in your ear.
Can you feel it coming back?
Through the warmth, through the cold, keep running 'til we're there.
We're coming home now, we're coming home nowHear the voices surround us, hear them screaming out.
We'll be crying for mercy, we'll be crying out loud.
Burn the bridges in our town 'til the point where we drown.
As it all comes down again.
As it all comes down again.
As it all comes down again, to the sound.The sound of the wind is whispering in your ear.
Can you feel it coming back?
Through the warmth, through the cold, keep running 'til we're there.
We're coming home now, we're coming home now.
The sound of the wind is whispering in your ear.
Can you feel it coming back?
Through the warmth, through the cold, keep running 'til we're there.
We're coming home now, we're coming home now.We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming home, we are coming home
We are coming homeThe sound of the wind is whispering in your ear.
Can you feel it coming back?
Through the warmth, through the cold, keep running 'til we're there

We're coming home now, we're coming home now.
The sound of the wind is whispering in your ear.
Can you feel it coming back?
Through the warmth, through the cold, keep running 'til we're there.
We're coming home now, we're coming home now
