

# She

## Green Day

She, she screams in silence  
A sullen riot penetrating through her mind  
Waiting for a sign to smash  
The silence with the brick of self-control Are you locked up in a world  
That's been planned out for you  
Are you feeling like a social tool without a useScream at me until my ears bleed  
I'm taking heed just for youShe, she's figured out all her doubts  
Were someone else's point of view  
Waking up this time to smash  
The silence with the brick of self-control Are you locked up in a world  
That's been planned out for you  
Are you feeling like a social tool without a useScream at me until my ears bleed  
I'm taking heed just for youYahAre you locked up in a world  
That's been planned out for you  
Are you feeling like a social tool without a useScream at me until my ears bleed  
I'm taking heed just for you
