

Way Down

Shakeout

Somebody tell me
Where did I go wrong
Oh, what a fool am I
 Sometimes
You can feel you don
 't belong
 Wanna die
 Way down
 I've been all the way
And I know the reason why
 Way down
 Is the price I paid
 Oh but now I realise
 Somebody tell me
 That you understand
 Oh that I'm not alone
 Sometimes
When you need a helpin? hand
 Oh I know

 Way down
 I've been all the way
And I know the reason why
 Way down
 Is the price I paid
 Oh but now I see a light
 Way down
 Way down
 I?ve been all the way
And I know the reason why
 Way down
 Is the price I paid
 Oh but now I realise
 Way down
 I?ve been all the way
And I know the reason why
 Way down
 Is the price I paid
 I don't wanna go no more

Way down
