

Ride It On

Delays

Ride it on baby
Into my view
Ride it on baby
Into your side
Ride it on baby

Just like you used to do
Did you want me to love you?

Well, I'm just here for the call
And you said that you're so low

Well, I won't really do you any harm
Won't you ride it on baby
Just like you used to do?

There's no love that you're over feeling

And you still want to be with me
But you're leavin' like you said that you would
I'm awaiting for the call

And you love like you always say now

But you know it won't do you any harm
Ride it on baby
Just like you said that you would

Oh, then ride it on baby
Just like you know it's understood
Ride it on baby
It's still into your view

Ride it on baby

I only want to be with you
I'm dreaming that you're going far

And you lie, takin' wine
Won't you ride it on baby?
But you're so heavily priced
Ride it on baby
Just like you said that you would
