

# De Bom Bom

## Girl Band

Shriveled dick  
It was I was  
I try to stick  
Til you branch off But and it was it was I was  
Confused, reused and all improved Said don't be too hard on yourself  
I said I'm not hard  
Enough to all-most there  
I swear  
I swear to god  
I swear Im god  
De bom bom bom Any way what else to say  
That burger girl  
Lettuce-stray  
All friends went  
And all your friends were  
All friends went  
And friends were  
All my friends  
Tried to get me up  
Can't get it up Enough  
Enough  
Enough  
Enough  
Enough  
Enough  
Enough  
I can't get it  
So how is your vernacular  
Confused, reused and all improved Pathetic phallus  
Pathetic phallus  
Pathetic phallus  
Pathetic phallus I can't get it  
But as it was it was I was  
Confused, reused improved  
Can't get it up
