

# The Party Song

## Slave

This is a signal  
You will hear us but you will never see us  
We don't mean business We'd like to party with you, yeah  
Dancin' is all you've got to do  
We'd like to party with you, yeah  
Dancin' is all you've got to do We'd like to party with you, yeah  
Dancin' is all you've got to do  
We'd like to party with you, yeah  
Dancin' is all you've got to do We wish you all good news  
This is not a commercial We'd like to party with you, yeah  
Dancin' is all you've got to do  
We'd like to party with you, yeah  
Dancin' is all you've got to do We'd like to party with you, yeah  
Dancin' is all you've got to do  
We'd like to party with you, yeah  
Dancin' is all you've got to do
