Fighters

Voicians

Well you better watch your back
They're on you again
And you can't get away
Well they're out to knock me flat
Let the battle Begin
Move out of my way.Bridge
Cos I, I can stand on my own nowChorus
I fight the pain I'm feeling
I'll fight 'till I stop breathing
This is where the story ends
I'll fight although I'm bleeding
It's my right to keep believing
This is where the story ends.Now my heads is such a mess
Burnin' up inside
But i aint givin' in
Gotta get you off my chest
Aint got nothin' to hide
Let the battle beginBridgeChorusBridgeChorus
