## Tech N9ne

[Intro]

Dedicated to the opposite sex

I like it, I love it

Yeah, I want some more of it

Wow, hahahaha

Best thing to ever happen to man... and woman, you know?[Hook x2]

ILL! (I like ladies)

ILL! (I like ladies)

ILL! (I like ladies)

FOR REAL! (I like ladies)[1st Verse]

I know she wanted me by the way she was lookin'

Like she was famished and I'm the one with the cookin'

I'm having fantasies right away of me pushin'

And bouncing her lovely cushions

I want that wonderful noogin

Made my way across the dance floor

And so made it to her table gave my hand no scam go

I'm slight crazy, but bright baby

Tonight say we do it right maybe

She said "I like ladies"[Hook x2][2nd Verse]

You, we got something in common

If you feel it say amen

I really feel your spirit like a shaman

Me and you and your girl

We can go on and on to the dawn

And with women I have a knack for bondin'

Ill, I like ladies, I like lesbians

They love me so they let me in

Oh pretty ass thick chick tryna look butch

Steady wonderin' why I'm sniffin'

Cause you're sittin' on a puss[Hook x2][Bridge]

If you wit it and wanna get it

Than let a nigga know

I have made it I'm sorta kiddish

But I can really go

Ain't no time for disrespect

And I keep it on the low[3rd Verse]

What you do in your bedroom is your business

All you ladies can play with me

And come dip in wit a bro  
I got something for girly couples to witness  
[?] ladies at peanuts  
Beautiful stallions some are thicker than Serena  
Never had a problem you know you get the thing up  
I'm loving the ladies they wanna kick it for Tecca Nina  
They wanna do it for Tecca Nina  
A couple is nothing when I'm busting I like to team up
