

# Hold Me (ESC-2013 Azerbaijan)

Farid Mammadov

Should have seen it coming when I saw you  
Should have had the sense to stop and walk away  
It was gonna turn out complicated  
We've hit overload about to explode If love was a mountain  
I'd climb up to the highest of them all  
I'd swim across the ocean if you'd call  
I'm lost in your smile  
Freefalling for miles Hold me  
Just unfold me  
Unchain my soul  
Give me love make me whole  
Hold me  
If it's only  
For this moment in time  
Now I'm yours and your mine  
So Hold me  
Take a little time then you'll know better  
Than to think about giving in on the one you love  
Can we go back and freeze the moment  
Where we used to be free was only you and me Hold me  
Just unfold me  
Unchain my soul  
Give me love make me whole  
Hold me  
If it's only  
For this moment in time  
Now I'm yours and your mine  
So Hold me  
Hold me  
Remember how we used to laugh  
But now you're running from the past  
Let's find a way to carry on  
Remember how love used to be  
You said I was your fantasy  
Can't take another night alone  
So come on home Hold me  
Just unfold me  
Unchain my soul  
Give me love make me whole

Hold me  
If it's only  
For this moment in time  
Now I'm yours and your mine  
So Hold me  
Hold me - Hold me...
