

Stop Playing With My Heart

Ryan Adams

Stop dragging my heart around
Stop acting, stop fucking around
Stop playing, stop playing with my head
Alright, already you win...
Stop asking if I'm with her
Stop it now before you get what you deserve
Stop playing, stop playing with my head
Alright, already you win...
Alright, already you win...
Stop it I'm tired, and I want to go to bed
Stop it I'm half undressed, so get out or get in
Stop it I'm not impressed...
So just stop it, just stop it, just stop it...

Stop playing my head...
Alright, already you win...
Stop it I'm not impressed...
So just stop it, just stop it, just stop it...
Stop playing my head...
Alright, already you win...
Stop dragging my heart around
Stop acting, stop fucking around
Stop playing, stop playing with my head
Alright, already you win...
Stop playing, stop playing with my head
Alright, already you win...
Stop playing, stop playing with my heart
