

# Demon Possessed

Andrew Lawrence

They kill and they kill some for the thrill  
Some say they do it for its God's will  
They can take your life and not think twice  
The devil has their souls' rights They're demon possessed have given access to satan  
They've got to be they've got to be  
They're Demon possessed have given access to satan  
They've got to be they've got to be They torture and pain with such disdain  
How can they be so inhumane?  
When you give yourself, sell your soul to hell  
All manner of evil in you will dwell They're demon possessed have given access to satan  
They've got to be they've got to be  
They're demon possessed have given access to satan  
They've got to be they've got to be When God made man, He said it was good  
But said that it should be understood  
Eat from the Tree of Good and Evil  
And your soul satan would chisel  
Then you would die to a state of sin  
satan's guile would creep within They're demon possessed have given access to satan  
They've got to be they've got to be  
They're demon possessed have given access to satan  
They've got to be they've got to be Unless you accept Jesus Christ  
And reject satan's evil rites  
You will remain so unjust  
In a state of utter disgust You'll be demon possessed because you have given access to satan  
You're gonna be you're gonna be  
You're demon possessed because you have given access to satan Breathe righteousness  
And be God possessed  
Live in holiness  
Experience Godliness (repeat)
