

# (I Got A) Stomach Ache

Junior Wells

Come on, ooh, come on  
Come on, baby  
Ooh, I got a stomach ache When you rock, you know you look so good  
And when you walk, baby, you know you look so good  
And every time you walk down the street  
You wave outside to the blind Met a fisherman on the curb  
He said, "Hey where you going?"  
I said, "Look here man, I'm going my way"  
He said, "Lookie look, boy, ain't that a crying shame"  
I said, why he said, he said, "I got a stomach ache"
