

# Back to Life

## No Warning

Body and mind are begging me to die,  
My heart is racing sleeping with an open eye,  
My words aren't coming out,  
I feel like something else,  
I'm only talking to you to amuse myself, In between cloudy dreams,  
Intensity, building up,  
In and out, constant doubt,  
Who am I this time I wanna hide from taking sides  
No matter what I'm criticized  
Cause I'm dead to the world  
Turning cold without a fight  
Back to life! I'm guided back to the smell of the fear,  
The wounds bleed black,  
Something whispers in my ear,  
"Choke" these tiny voices,  
They broke my stream of choices,  
The joke, never say never,  
and I'm falling for it more than ever Lead the way, I give in,  
No one wins, pressure's rising so fast,  
I can't live my life in this wasteland I wanna hide from taking sides  
No matter what I'm criticized  
Cause I'm dead to the world  
Turning cold without a fight  
Back to life  
When nothing's right  
There's no exit signs tonight  
Cause I'm dead to the world  
That turns its back to mine  
Back to life! They pull me down,  
Dead hands of the past,  
Under the ground,  
When we're living fast,  
I must find a way to break out,  
Vices, unforgiving,  
I must find a way to break out,  
This life's not for living,  
Kill the past,  
We won't last! I wanna hide from taking sides  
No matter what I'm criticized

Cause I'm dead to the world  
Turning cold without a fight  
    Back to life  
    When nothing's right  
There's no exit signs tonight  
Cause I'm dead to the world  
That turns its back to mine  
    Back to life!Back to life!
