

Kill Kill

Lana Del Rey

Bound up the stairs
I'm in the shower
Do you know I am going to leave you?
Do you know I am going to leave you? I'm in love with a dying man.
I'm in love with a dying man.
I'm in love, lying in the sand.
I'm in love with a dying man.
I'm in love with a dying man.
I have done every thing I can. Tell me about Ray and his girl
Do I know Ray is going to meet you?
Love you, I do.
Stay here, I won't.
As stars fade from your eyes. I'm in love with a dying man.
I'm in love with a dying man.
I'm in love, lying in the sand.
I'm in love with a dying man.
I'm in love with a dying man.
I have done every thing I can. One, two, make it fun.
Don't trust anyone.
One two, make it fun.
Don't trust anyone. I'm in love with a dying man.
I'm in love with a dying man.
I have done every thing I can.
I'm in love with a dying man.
I'm in love with a dying man.
I have done every thing I can.
