

# Tired Of Waiting

## The Trews

I am wired and fading  
Looking blind and blaming  
Following and trailing words

You might be saying

I am tired of waiting

I'm tired of waiting

I am tired

Altered expectations

Long anticipation

Everything is changing

I'm the same and aging

I'm tired of waiting

I am tired of waiting

I'm tired of waiting

I am tired

I am tired of waiting

I'm tired of waiting

I am tired

I am tired of the long way down

So I stand

To let you down here alone

I can't seem to dream of you

No more

I am tired of waiting

I'm tired of waiting

I am tired

I am tired of waiting

I'm tired of waiting

I am tired

I am tired of waiting

I'm tired of waiting

I am tired
