

Ladytron

The Venus In Furs

You've got me girl on the run around run around
You've got me all around town
You've got me girl on the run around
And it's getting me down, getting me down Lady if you want to find a lover
Then you look no further
For I'm gonna be your only Searching at the start of the season
And my only reason
Is that I'll get to you
I'll find some way of connection
Hiding my intention
Then I'll move up close to you
I'll use you and I'll confuse you
And then I'll lose you
But still you won't suspect me
