We've Got the Right

Boy George

Saying sorry
Would mean I've apologised
And you know I was good to you baby
There were very few liesNow that you ask me
I'm no saint inside
The same things you feel little darling
I don't try to hideWhen I think about the laughter
Directed at me
I don't give a damn anymore
If they don't see what I seeWe've got the right to love
We've got the chance to make it work
We've got the right to love
Yes we got the right
That's where you get me, yes you do
Almost every time
When it comes down to making love
It has to be rightWhen I think about the laughter
Directed at me
I don't give a damn anymore
If they don't see what I seeWe've got the right to love
We've got the chance to make it work
We've got the right to love
Yes we got the rightDon't put the blame on me
I won't tell you no lies
Don't put the blame on me
Got no time for compromise
We've got the right to love
We've got the chance to make it work
We've got the right to love
Yes we got the right
