## Hang On

## Dr. Dog

Hang on, hang on 'Cause it's the little things Yes, it's the little things that do us harm I'm not a stranger, ain't a mystery When we both get it wrongStay here for a little while more 'Cause it's a funny thing Yes, it's a funny thing I need a friend, not an angel What do you do when the drowning stops? And what you thought was a hurricane Was just the rustling of the wind Why you think we need amazing grace Just to tell it like it is? Well, I don't need no doctor To tear me all apart I just need you to mend my heartHang on, I'll try to look you in the eye You know you should've apologized Or should I apologize? Is there an answer? What do you do when the drowning stops?Oh, what you thought was a hurricane Was just the rustling of the wind Why you think we need amazing grace Just to tell it like it is? Oh, I don't need no doctor To tear me all apart I just need you to mend my heart Need you to mend my heart
