

See It In a Boy's Eyes

Jamelia

Well, it rains, when it rains
Oh, my heart dont feel the same
Nothing change, nothing change
Comrade I dont feel the same With my foot to the floor
Hear my key turn in the door
Holding back whats in store
When a girl wants a little bit more Whats a girl like me to do?
When she dont get a thing from you
I wanna go where youre going to
Have to do what you have to do Whats a girl supposed to try?
When all you do is criticize
Pretty soon youll realize
I can see it, I can see it in a boys eyes See it in a boys, see it in a boys eyes
See it in a boys, see it in a boys eyes Well, it rains, when it rains
Oh, my heart dont feel the same
Theres a sun in my sky
You dont see, you dont even try But youll die, before you cry
Solitude is where you fly
You dont say this aint right
But I see it in your eyes Whats a girl like me to do?
When she dont get a thing from you
I wanna go where youre going to
Have to do what you have to do Whats a girl supposed to try?
When all you do is criticize
Pretty soon youll realize
I can see it, I can see it in a boys eyes See it in a boys, see it in a boys eyes Whats a girl like me to do?
When she dont get a thing from you
I wanna know where youre going to
Have to do what you have to do Whats a girl supposed to say?
Just turn around and walk away
Pretty soon youll realize I can see it
I can see it in a boys eyes See it in a boys, see it in a boys eyes
See it in a boys, see it in a boys eyes
See it in a boys, see it in a boys eyes
See it in a boys, see it in a boys eyes
