Destroy

Jiles Band

Destroy Its so simple
Destroy I want to tear you down
Destroy So youd don't make no sound
DestroyI want you to crash and burn
Im waiting for the right moment
In an instant
Youd be falling
You wouldnt see it coming
Destroy Its so simple
Destroy I want to tear you down
Destroy So youd don't make no sound
DestroyI want devastation
I want to destroy youre reputation
Id walk over your wreckage
Youd make no sound
Youd be bound
By your own mistakes
Then I could take youre place
My rightful place
Ripped to shreds
Down, down low There comes an endDestroy Its so simple
Destroy I want to tear you down
Destroy So youd don't make no sound
DestroyId destroy you
Torn to pieces
Id take youre place
My rightful place
