Lovin' Up a Storm

Jerry Lee Lewis

Oh, when our kisses fly like oak leaves
Caught in a gust of the wind
My heart beats fast as a clickty-clack
Like a train goin' round a bendI call that lovin' up a storm
I said that's lovin' up a storm
Well, it's good for you, honey
It won't do you no harmAh, when a we get with it darlin'
All I can hear is a sigh
Somethin' touches you deep in your heart
Like it's lightin' from the skyI call that lovin' up a storm
Oh, lovin' up a storm
And it's good for you, baby
It won't do you no harm, ohOh, when we're embracing darlin'
I get wild as a hurricane
And when we kiss 'Great Balls of Fire'
Ice-water's runnin' through my veinI call that lovin' up a storm
Oh, lovin' up a storm
Well, it's good for you, baby
It won't do you no harmWell, it's good for you, baby
It won't do you no harm
Uh, it's good for you, baby
It won't do you no harm
