## Lovin' Up a Storm

## **Jerry Lee Lewis**

Oh, when our kisses fly like oak leaves Caught in a gust of the wind My heart beats fast as a clickty-clack Like a train goin' round a bendI call that lovin' up a storm I said that's lovin' up a storm Well, it's good for you, honey It won't do you no harmAh, when a we get with it darlin' All I can hear is a sigh Somethin' touches you deep in your heart Like it's lightin' from the skyI call that lovin' up a storm Oh, lovin' up a storm And it's good for you, baby It won't do you no harm, ohOh, when we're embracing darlin' I get wild as a hurricane And when we kiss 'Great Balls of Fire' Ice-water's runnin' through my veinI call that lovin' up a storm Oh, lovin' up a storm Well, it's good for you, baby It won't do you no harmWell, it's good for you, baby It won't do you no harm Uh, it's good for you, baby It won't do you no harm
