

Never Leave Your Side

Ho'okoa

((CHORUS))

i'll never leave your side
i wanna hold you every nite
and i'll call you every time girl just to see if your alright
there's nothing i wont do
i'm going crazy over you
and i wanna tell you baby that i love loving you
na na na na no no no

everybody's got that special one
the only one
and girl thats what you are to me
a person that you love i will never let you down
the one who cares the one thats plain to see

CHORUS

oh and when you call her name
through the sunshine and the rain
you will alwayz the one that i want
the one to comfort me when i need someone

CHORUS

i been waiting all this time
i'm just a fool for you
i gurantee my heart but i
i cant stay away from you
