Dusty Road

John Lee Hooker

Ain't goin' down big road by myself
Ain't goin' down big road by myself
And if I can't take you, baby, I'm gonna take somebody elseI would take you, baby, if you wanna go
On a cloud trip you, baby, if you wanna go
If you don't wanna go, baby, I'm a-take somebody elseI ain't gonna walk, I ain't gonna walk by myself
I declare I ain't walk, baby; I ain't gonna walk by myself
I'm gonna take somebody, baby
Gonna take somebody right nowIn the sun tryin' to find somebody else
I walked all night long; I declare I walked all night long
Tryin' to find somebody else
Who gone go down the big road with me?
Come on if you wanna go
Oh, yeah, come on right now, baby
If you wanna go, baby
'Cause I ain't goin' down the big road by myself
