

# Feels Like Loneliness

Sabrina Carpenter

[Verse 1]

You're not asking for much  
But it just seems like a lot and  
Kinda confused don't know what to choose  
But baby it's hard for me  
I'm not ready your for love I'm keepin' my guard but  
I don't mean to tease ya  
You're down on your knees  
You're beggin' me please  
But, darling, its not the way  
To get me, babe

No, no [Pre-Chorus]

Woo ooh, scared  
Didn't mean to make you love me  
Woo ooh, scared  
Didn't mean to make you love me  
Didn't mean to be charming  
Such a beautiful darling  
Didn't wanna make you bail  
We can be a thing  
And I give you everything [Chorus]  
Love feels like loneliness  
Love feels like loneliness sometimes  
And that's just the way it is  
Cause love feels like loneliness sometimes

[Verse 2]

We can't get the timing  
Because I was running  
But now I want you  
And you always knew so  
Baby, you go away  
And make me wait for you So, screw all that love-ish  
I think that I've got it  
But won't you turn your back  
And now that your back  
Okay this is the last time  
I'd played this cool  
Always the same and I'm through [Pre-Chorus]  
Woo ooh, scared

Didn't mean to make you love me  
Woo ooh, scared  
Didn't mean to make you love me  
Didn't mean to be charming  
Such a beautiful darling  
Didn't wanna make you bail  
We can be a thing  
And I give you everything[Chorus]  
Love feels like loneliness  
Love feels like loneliness sometimes  
And that's just the way it is  
Cause love feels like loneliness sometimes  
Sometimes  
Sometimes  
Sometimes  
Sometimes  
Sometimes  
Sometimes  
Love feels like loneliness sometimes  
SometimesCause love feels like loneliness sometimes, sometimes  
That's just the way it is  
Cause love feels like loneliness  
Sometimes  
No, no, no, no, no, no, no, no  
Sometimes  
Sometimes  
Sometimes  
Sometimes  
Sometimes  
Sometimes  
Love feels like loneliness sometimes
