

# Keep The Light On

[Jerry Cantrell](#)

Haven't seen her, she hit the wall last night  
Bumped his head low, a cause effected fight She says she ain't gonna take it no more  
(Golden ring around her finger)  
But she won't ever set him free  
(Golden ring around his finger) Come to find out, she'd been with someone else  
So it's a bitch now, he sees it in himself  
Long before we, teachers of our game  
On a bent Lord, it tends to get insane She says she ain't gonna take it no more  
(Golden ring around her finger)  
But she's not gonna set him free He keeps the light on, prepare for war  
Severed past gone, it's all the same today  
Cannibalistic, eating themselves away She says she ain't gonna take it no more  
(Golden ring around her finger)  
But she's not gonna set him free 'Cause he keeps the light on, prepare for war  
He keeps the light on, prepare for war  
(Golden ring around her finger)  
He keeps the light on, prepare for war  
(Golden ring around his finger)  
Fill me, kill me
